

# AI-Powered Transcription Service

## Provided by Prevail™

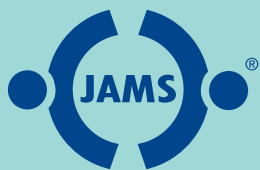

### Perfected by people, powered by AI

Created by a career litigator and a software developer, **Prevail** is the first AI-assisted digital reporting platform purpose-built for legal proceedings that meets SOC 2 Type 2 and ISO 27001 standards. JAMS is pleased to add this new tool to our suite of custom ADR services designed to leverage new technology and enhance the resolution process.\*

**Streamlined proceedings:** Arbitration hearings can become more efficient and productive with rough drafts of transcripts available in real time.

**Smart, accurate transcripts:** AI technology optimizes your workflow and quickly distills key information, providing instant, searchable rough drafts and session reviews with synchronized video, hyperlinked exhibits and more. When you're ready for a final record, all Prevail transcripts are **certified accurate by an AAERT-certified digital reporter** who is a notary in the applicable state.

**Comprehensive security and legal compliance:** Prevail transcription data is automatically encrypted and stored in a secure cloud environment throughout the process, making your confidential testimony and exhibits safer and less susceptible to hacking and other risks. Prevail's security protocols align with numerous international data protection laws.

Local Solutions.  
Global Reach.®

### AI-Powered Transcription

#### ROUGH TRANSCRIPT

Instantly available via Session Review

#### VIDEO SYNCHRONIZED WITH TRANSCRIPT

Rough version available immediately via Session Review

#### CERTIFIED TRANSCRIPT

Available in 5 days

#### SECURITY AND CONFIDENTIALITY

Data remains in secure, encrypted cloud environment

*\*Because Prevail's platform replaces the existing videoconferencing platform, all parties must agree to use the AI transcription service. Prevail does not offer stenographic transcripts. Parties must review the relevant law and agreement before requesting the electronic transcription services offered by Prevail. JAMS receives a fee of \$50 per recorded hour from Prevail for administrative support.*
